Experience

EasyEd

July 2024 – Nov 2024

Backend Developer

Gurugram, India

- Designed and implemented a backend framework with Node.js, resulting in a 15% faster API response and a 20% decrease in deployment errors.
- Integrated JWT authentication to enhance API security by 30% and effectively manage user sessions.
- Created and deployed RESTful APIs, ensuring smooth interaction between frontend and backend systems.
- Boosted code efficiency and system reliability by 20% through comprehensive debugging and optimization.
- Led the 'Task Assigner' project, automating task management and increasing operational efficiency by 35%.

Malt and Foods (India) Pvt. Ltd.

March 2024 – June 2024

Java Backend Developer

Kanpur, India

- Revamped backend architecture by designing robust API solutions and integrating advanced Spring Security, enhancing data protection by 50% and reducing server latency by 20%.
- Upgraded website backend infrastructure, resulting in a 60% improvement in server response times and increased user engagement.
- Partnered with cross-functional teams to boost system scalability by 40% and improve maintainability by 35% while strictly following Agile methodologies.

Projects

Project Management System | React, Spring Boot, and MySQL

July 2024 – September 2024

- Engineered RESTful APIs for comprehensive project management, task tracking, and user management with Spring Data JPA and MySQL.
- Strengthened system security by 30% through JWT authentication and authorization, and integrated Razorpay for secure transactions.

E-Commerce | Spring Boot, Thymeleaf, MySQL, JSP

November 2023 – January 2024

- Crafted an e-commerce platform to manage a catalog of over 1,000 items, utilizing Spring Boot, JSP, Thymeleaf, and MySQL.
- Introduced functionalities for user authentication, shopping cart management, and order processing, leading to a 25% rise in user engagement and a 20% increase in sales.

Education

KIET Group of Institutions

Nov 2021 – Present

B.Tech in Computer Science (CGPA: 7.41)

Ghaziabad, India

DAV School, Saitha

Apr 2018 – Jun 2020

Intermediate, PCM (80%)

Jaddupur Bhabua, Bihar

Glorious Academy

Apr 2017 – Mar 2018

Matriculation (75%)

Naipurakala, Varanasi

Technical Skills

Languages: Java (Java 8/11), C++ (Proficient), Python, JavaScript, C.

Core Competencies: Data Structures and Algorithms (DSA), J2EE, Object-Oriented Programming.

Developer Tools: Docker, VS Code, Eclipse, IntelliJ IDEA, Git, GitHub.

Libraries/Frameworks: Spring Framework, Spring Boot, Hibernate, Thymeleaf, JSP, Servlet, Node.js.

Database: MySQL (Proficient), Oracle (Familiar), PostgreSQL, MongoDB.

Development Methodologies: Microservices, Agile, Scrum.

APIs: RESTful APIs, JSON, Postman.

Awards and Certifications

- Solved 200+ Problems (Leetcode, Codechef, Codeforces) [Show Credential](#)
- Full Stack Java Development (Udemy) [Show Credential](#)
- Cisco Networking Essentials (Netacad) [Show Credential](#)
- CCNAv7 Introduction to Networks (Netacad) [Show Credential](#)
